SUPRA eKey

An **eKey** is a networked key that allows you to open keyboxes and records each access. The eKEY software can be loaded directly into a compatible smartphone, and therefore gives you the benefit of an all-in-one tool (that means one less device to carry). With eKEY service, showing agents can send buyer feedback to listing agents after a showing. Listing agents can use their eKEY to program iBox features including setting access hours (separate hours can be designated for weekday, Saturday, or Sunday), changing shackle codes, and sending specific showing notes, listing highlights, and business card details to the iBox.

eKEY service is billed to members on a monthly basis from Supra. The monthly fee for an eKEY must be paid by automatic monthly debits on a checking account, credit or debit card (VISA, MasterCard, American Express, Discover and debit cards with the VISA/MC logo).

eKEYs must be issued in person at one of the following locations:

Haworth Office: Monday through Friday (9am to 5pm)

Lyndhurst Office: Monday through Wednesday (9am to 4pm)

eKEY Costs

Monthly service fee (billed on the 13th): \$16.03 (plus applicable taxes)

One-time Activation fee: \$50.00 (plus applicable taxes)

**Keys are leased directly from SUPRA so the costs are NOT included in your NJMLS membership fees.
